EFFECTIVE JANUARY 1, 2017

Phase 2 of the Mandatory Recycling Ordinance will begin in Pleasanton on January 1, 2017. All businesses, regardless of garbage service volume, must sort RECYCLABLES from their trash. Additionally, multi-family homes with 5 or more units and businesses that generate significant quantities of food waste, such as restaurants and grocery stores, are required to sort COMPOSTABLES from their trash. Recycling for Pleasanton businesses with 4 or more cubic yards of weekly garbage service and multi-family properties has been required since March 1, 2013.

Learn the rules at RecyclingRulesAC.org or call: 510-891-6575

To subscribe to recycling or compost (organics) service, call Pleasanton Garbage Service (PGS): (925) 846-2042
