EFFECTIVE JULY 1, 2014

Businesses, institutions and multi-family homes must sort their **RECYCLABLES** from their trash. Multi-family homes as well as businesses and institutions that generate food waste, such as restaurants and grocery stores, must also sort **COMPOSTABLES** from their trash. These requirements are effective within **participating areas of Alameda County**—call or go to the website to learn what you must do to comply with the law. The staff at the Alameda County Waste Management Authority is here to help you follow this law and conserve our resources.
