EFFECTIVE JANUARY 1, 2018

Phase 2 of the Mandatory Recycling Ordinance will begin in Union City on January 1, 2018. All businesses, regardless of garbage service volume, must sort RECYCLABLES from their trash. Additionally, multi-family homes with 5 or more units and businesses that generate significant quantities of food waste, such as restaurants and grocery stores, are required to sort COMPOSTABLES from their trash. The new County recycling rules build on existing City requirements regarding mandatory weekly collection of solid waste and recycling from all multi-family and commercial customers.
