ATTENTION

Owners and Managers of Businesses and Multi-Family Properties:

The Alameda County Waste Management Authority Mandatory Recycling Ordinance 2012-01 has mandated recycling in the **City of Newark** since July 1, 2012 for businesses and institutions with 4 or more cubic yards of weekly garbage service as well as multi-family properties with 5 or more units. This letter serves as a reminder of the recycling requirements and to inform you of new upcoming requirements.

Phase 2 of the Mandatory Recycling Ordinance will begin in a year on July 1, 2015 for **all** businesses, not just those with 4 or more cubic yards of weekly garbage service. Requirements to collect food scraps and compostable paper separately from garbage will become effective July 1, 2017 for businesses, institutions, and multi-family properties.

RECYCLING RULES

As a reminder, property owners and managers of commercial properties with 4 or more cubic yards of weekly garbage service and multi-family properties with five or more units may be cited, and possibly fined for the following violations:

- Failure to provide containers and service of sufficient number, size and frequency for recyclable materials (cardboard, newspaper, white paper, mixed recyclable paper, recyclable glass food and beverage containers, aluminum and metal food, beverage containers, PET (#1) and HDPE (#2) plastic bottles). The containers for recyclables must be able to store all the recyclables generated on-site.
- Failure to provide information at least annually to employees, tenants, and contractors describing how to properly use the recycling, organics and garbage containers, as well as no later than 14 days after move-in and no less than 14 days prior to move-out.

Businesses and institutions may also be cited, and possibly fined for:

- Disposing of recyclable materials in the garbage, and/or
- Disposing of garbage in recycling containers.

Enforcement of the Mandatory Recycling Ordinance has been in effect since January 1, 2013.

The Alameda County Waste Management Authority (ACWMA) has a goal to reduce waste by ensuring that recyclables and compostables make up less than 10 percent of what goes to landfill by the year 2020. To help reach that goal, Mandatory Recycling Ordinance 2012-01 went into effect July 1, 2012.
