EFFECTIVE JULY 1, 2015

Recycling has been required since July 1, 2012 for Hayward businesses and institutions with 4 or more cubic yards of weekly garbage service as well as multi-family properties with 5 or more units. Effective July 1, 2015, all businesses and institutions that generate significant quantities of food waste, such as restaurants, food processors and grocers, as well as all multi-family properties, must sort food waste from their trash.

BUSINESSES: To order recycling or organics service, call Waste Management at 510-537-5500.

MULTI-FAMILY PROPERTIES: To order organics service, call Waste Management at 510-537-5500.
To order additional recycling carts, call Tri-CED at 510-537-9963.

Learn the rules at RecyclingRulesAC.org or call: 510-891-6575
