NOTES
¹ Indoor Systems are various container styles, types and sizes for central collection stations indoors.
² Deskside Bins are containers that specifically fit under/next to desks.
³ Rolling Toters are generally two or four wheeled rolling containers typically used for larger volumes and/or mechanically emptied.
⁴ Outdoor Systems are multiple collection units for outdoor applications.
⁵ Recycled Content means postconsumer recycled materials are used in the manufacture of the products.
⁶ Manufacturer means that the containers are manufactured by the company listed.

Disclaimer:
 These tables list a sampling of suppliers and purchasing information for recycling, composting and trash containers and decals. Product information is supplied by the manufacturers and distributors and is not verified. Exercise sound judgment and research products for your specific applications. The listings are not comprehensive or a recommendation or an endorsement for particular products.
